Dialight - LED Panel Mount Indicators

The most obvious features in a cockpit are the seats for the pilots and the instrumentation panel. However, you will also be able to find stowage areas (e.g. for documents, fire extinguishers, clothing...), as well as the pedestal, side consoles, a third (or jump) seat and access to electric and electronic compartments.

What do all the controls in an airplane's cockpit do? - Quora

In the United States, the rules on when you do or do not have to dial the area code vary from state to state. In many parts of the country (including about 2/3 of the population), you must dial 1 ...

When do you have to dial 1 before a phone number - answers.com

Flight instruments are the instruments in the cockpit of an aircraft that provide the pilot with information about the flight situation of that aircraft, such as altitude, airspeed and direction. They improve safety by allowing the pilot to fly the aircraft in level flight, and make turns, without a reference outside the aircraft such as the horizon.
